I submitted a request for records to the agency named above. The agency either denied or partially denied my request. I am appealing that denial to the Office of Open Records (OOR), and I am providing the following information:

I was denied access to the following records (attach additional pages if necessary): _____
this is an appeal of fees charged to respond to the request

The requested records are public records because (check all that apply) (**REQUIRED**):

- ☐ the records document the receipt or use of agency funds
- ☐ the records are in the possession, custody or control of the agency and are not subject to the exemptions cited by the agency.
- ☒ Other the department cannot charge the fees that were billed

The agency denied my request and I believe the denial was incorrect because (address EACH reason the agency gives for denying your request, attach additional pages if necessary) (**REQUIRED**):

This is an appeal of the charges for producing the requested records. The fee statute was drafted well before electronic technology such as .pdf or scanned images existed, where filings were submitted and retained solely in paper form.

Therefore, copy fees are per page, regardless of whether the page is furnished on paper or electronically. Photocopies were generated by the Bureau, which then scanned them into a .pdf at your request.

As to the search fee, any request for copies of the records relating to a specific entity name or number necessarily requires a search of the Bureau's records for those names or numbers. The \$15 fee is intended to capture the Bureau's time and efforts in searching its database for the requested information. Where copies are requested and generated, the results are considered to be the report and therefore a separate report is not generated.

Thank you. Would you mind helping me understand the charges?

It appears that 15 P.S. § 153(a) contains the fee schedule for the Corporation Bureau.

153(a)(10) permits the bureau to charge \$3 for each page of photocopy furnished. 153(a)(10) permits the Bureau to charge \$15 for a "report of record search."

I didn't request a "report of a record search," and I was not furnished with such a report. In addition, you provided electronic copies of the requested records, not "photocopies." So it doesn't seem that the Bureau may charge any of the fees that it has assessed.

Can you explain why the Bureau is permitted to charge the fees listed on the invoice?
