
Borchers September newsletter

Dear Preschool families,

This year gotten off to a great start. I want to stop and tell you what a great group of children all of you have. We have enjoyed our time with them. The children have enjoyed the snacks this month. Thank you for your donations.

This month we will be learning the letters I, O, U and M. In addition to that we will learn numbers 3,4,5 and 6. We also will have scissor practice, name recognition and writing. Some important skills we will work on is listening and following directions. The most important lessons we will learn are about our savior. We will learn about him through puppets, songs, science and sermon in a sack. What is sermon in a sack? This is where our show and share student brings an appropriate item from home in a brown paper bag and Pastor Steve has to come up with a sermon based on the item. So parents your role is to make sure the student picks an appropriate item to bring. We want to invite everyone to join us at 9:30 am on Wednesday's for chapel. If you don't have a home church we would also like for you to feel welcomed to join us on Sunday mornings as well.

Picture day is September the 26th. Please have your child here by 9 am. The two's go first and then are free to go. Second will be the 3/4's and last will be the 4/5's. I ask that even if you don't want to buy a package to have your child's picture taken. They give us small pictures free that we use on school projects.

Important dates::

September 3rd no school

September 7th first day for 2's class

September 24th moms night 6-7 pm

September 26th picture day
