

Confidential Auditing Pupil Records

Date completed	
Names of those	
involved in audit	

Good record keeping is not bureaucracy it is safeguarding.

Background: Recent serious case reviews and domestic homicide reviews have repeatedly identified poor record keeping by schools as a problem. Headteachers/ DSLs need to be confident that schools keep careful records in relation to children of concern.

At Thatto Heath CPS we conduct an audit of a sample of pupil files each year. This audit is undertaken by the Headteacher and Deputy Headteacher.

Purpose: The aim of such an audit is to learn how effective school record keeping is in relation to children of concern – potentially the most vulnerable pupils in the school. Lessons from the audit can then be fed back to all staff to improve future practice.

Sample: Two-three files from each year group.

Confidentiality: Material in pupil files is often of a very sensitive nature and the highest standards of confidentiality are required by anyone reading these files.

Key questions	Yes/No	Follow up action/further information
Does the child's main pupil record (Digitally on		
SPTO) have a clear marker on it to indicate that a		
concern file is also held?		
Does the safeguarding file have an up-to-date		
and accurate 'Front Sheet' giving basic factual		
information about the child and family?		
Does the file have a brief running chronology of		
events/concerns?		
Is every entry in the file timed, dated and have		
the name and signature of the person who wrote		
the entry?		
Have staff made use of the 'Concern' to help		
them record issues?		
Where applicable, have any original		
contemporaneous notes been kept, in addition to		
later more formal records?		
Have telephone calls and discussions with other		
agencies (police, health, social care) been		
recorded and is it clear from these notes what		
action is to be taken and by whom?		
Is there evidence that the school's DSL has		
reviewed the file and discussed the child with		
relevant staff?		
Is there evidence that school staff have weighed		
up the information they have about a child of		
concern, discussed it appropriately with others		
and then taken appropriate action such as		
sharing information with another agency,		
including referral? Have these actions been		
followed through?		
If meetings relating to the child and their family		
have been called did school:		
i) send a report if requested		

ii) send a representative		
iii) receive minutes of the meeting		
iv) complete any actions they were assigned by		
the meeting		
v) ensure that other key people in school were		
aware of any important issues?		
If injuries to the child have been noted by school,		
did staff use the body map recording form and		
were the records clear?		
Moving between schools can be a time of risk as		
children may be leaving a school where they and		
their family are known well, to attend one where		
they may not be known. It would be wise to		
include in the audit a consideration of a child		
who has 'moved in' recently and one who has		
'moved out'.		
i) If the pupil concerned has transferred in from		
another school is there evidence that the DSL		
from this school and previous school discussed		
the pupil at transfer and that a note was made of		
that discussion?		
ii) For a pupil of concern who moved out recently		
did the DSL make contact with the new Senior		
Designated Person at the new school? Is there a		
note to that effect? Was the pupil's concern file		
delivered to the new school? Is there evidence		
that the file was received?

Learning from the audit

An audit such as this is not intended to be a 'box ticking exercise'. The purpose is to understand how well staff fulfil their duties in relation to safeguarding in terms of how well records are maintained. Following the audit there is a discussion about any strengths and weaknesses identified. The intention is not to criticise any individual member of staff but to see what lessons the school community, as a whole, needs to learn. The lessons from the audit can be fed back to all staff using the school's normal staff training or briefing routes.
